SQUARE

BOARD GAME SLEEVES

70
70
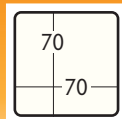

One hundred sleeves for cards measuring up to 70x70mm (2³/₄"x2³/₄"). This card size is mainly used in the Power Grid/Funkenschlag game family, but are also found in other games like the various Catan Card Games and the King of Tokyo expansions.

Measure your card against this frame - is it this size or smaller? If so, these card sleeves are the ones you need.

Using Board Game Sleeves will prolong the life of your cards so that you may enjoy your games for many years!

100 polypropylene sleeves.
Acid Free, and absolutely no PVC
